AXIA ES

Pedestrian Stacker • AC Power
 1.0 – 1.6 tonnes

Big performance... even in the smallest spaces

Compact, easy to use and highly versatile, AXIA ES stackers have been developed to deliver exceptional productivity in every setting.

An ergonomic tiller arm and extremely compact powerhead, coupled with a very narrow chassis and outstanding visibility, ensure excellent manoeuvrability in tight spaces, such as on board road vehicles or in block stacking.

Frame and body

- **Sealed chassis** offers protection against dirt, dust and other particles to reduce wear.
 - **Water-resistant design** diverts splashed moisture away from key electrical components, for long truck life.
 - **Low centre of gravity** aids stability, for safe operation.
 - **High-visibility design** maximises view of fork tips and working area.
- ### Mast and fork assembly
- **Robust forks** with welded construction, and rounded tips for effortless pallet entry, give extra strength and durability.
 - **Straddle leg version** allows adjustment of distance between support legs to suit pallet width (SBP16N2S only).
 - **Wide range of lift heights and mast types** includes triplex masts on 1.2 to 1.6 tonne models and a choice between standard or free lift masts.

Drive

- **Powerful AC drive motor** gives excellent traction and ramp performance, as well as smooth, quiet, controlled operation, extended shift length and lower maintenance requirements.
- **Oil-filled, sealed transmission** is shock-resistant, quiet and requires little maintenance.

when **reliability** is everything

Like any product bearing the Mitsubishi name, our materials handling equipment benefits from the huge resources and cutting-edge technology of one of the world's largest corporations. So when we promise you **quality, reliability** and **value for money**, you know it's a guarantee we have the power to deliver.

Every model in our comprehensive, award-winning range of forklift trucks and warehouse equipment is built to a high specification and is designed to keep on working for you... day after day... year after year... whatever the job... whatever the conditions.

To ensure your truck stays in constant productive action, we have a network of local dealers – hand-picked for their commitment to customer care... and backed up by the Mitsubishi Forklift Trucks organisation. No matter where you are, we have a dealer close by – ready and willing to meet your needs.

That friendly local service covers everything from identifying the perfect model and configuration for your application to providing competitive, flexible finance and maintenance packages, unbeatable warranties, long and short term hire, and highly responsive field service and repairs... as well as the industry's quickest and most reliable parts supply.

Only Mitsubishi can give you this combination of global engineering excellence and outstanding local support... only Mitsubishi offers you such a quality product at such an affordable price... and only Mitsubishi places reliability as high as you do in its priorities. Contact us now and see what we can do for you.

NOTE: Performance specifications may vary depending on standard manufacturing tolerances, vehicle condition, types of tyres, floor or surface conditions, applications or operating environment. Trucks may be shown with non-standard options. Specific performance requirements and locally available configurations should be discussed with your distributor of Mitsubishi forklift trucks. Mitsubishi follows a policy of continual product improvement. For this reason, some materials, options and specifications could change without notice.

Steering system

- **State-of-the-art tiller arm** offers the ultimate in ergonomic design, comfort and safety.
- **Small turning circle** together with compact chassis and excellent visibility means exceptional manoeuvrability.

Brakes

- **Regenerative braking** gives effective control, without brake wear, and extends shift life.
- **Parking brake** is automatically activated, when necessary, for extra safety on ramps.

Electrical and control systems

- **High-efficiency electronic system** features waterproof components for maximum reliability – even in moist conditions.
- **Programmable controller** adjusts acceleration, travel speed and braking to suit the application and operator – for greater versatility.
- **On-board diagnostics** and fault memory folder speed up servicing and help prevent damage.
- **Versatile battery compartment** accommodates DIN and BS size batteries with a variety of capacities for maximum compatibility with user's equipment and needs.

Operator environment and controls

- **Spacious, suspended foldable platform** allows operator to ride in comfort – maximum speed 6 km/h – during occasional longer travel (R models only).
- **Choice of two performance modes** via key switch enhances safety, energy efficiency and productivity.
- **Creep speed function and tiller arm lock bypass** maximise safety and control in confined spaces.
- **Unique crossbar design** deflects obstacles away from tiller arm and operator's hand, protecting both truck and operator.
- **Easy-to-operate controls** reduce operator fatigue and minimise mistakes to enhance safety.
- **Ergonomic levers** allow operators to raise and lower loads with ease – even when wearing gloves.
- **Battery discharge indicator** is fitted as standard for battery protection and monitoring of truck use.
- **Ground clearance** is only 20 mm – which makes foot trapping very unlikely.

Options include:

- Choice of drive and load wheels for different applications
- Load backrest
- Wide variety of fork dimensions
- Battery changing device
- Sealed inbuilt charger
- PIN code pad
- Cold store modification (class III, -35°C)
- Multifunctional display with hour meter
- Equipment bar for mounting accessories (on most models)
- Space for 375 Ah battery

AXIA ES
THE ALL ROUNDER

With a name that reflects its manoeuvrability, AXIA combines award-winning ergonomics with high performance and low maintenance features to deliver a complete warehouse support package.

Efficient, versatile and durable, AXIA is the perfect choice for every workplace.
